## **INDEPENDENT AUDITORS' REPORT**

Louisiana Partnership for Technology and Innovation  
Baton Rouge, Louisiana

We have audited the accompanying statements of financial position of Louisiana Partnership for Technology and Innovation (the Partnership) as of June 30, 2000 and 1999 and the related statements of unrestricted revenues, expenses, and other changes in unrestricted net assets and cash flows for the years then ended. These financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of the Partnership at June 30, 2000 and 1999, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated October 23, 2000 on our consideration of Louisiana Partnership for Technology and Innovation's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

## NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2000 AND 1999

---

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Organization** - Gulf South Research Foundation, doing business as Louisiana Partnership for Technology and Innovation (the Partnership), is a private non-profit organization chartered in 1978 under Louisiana non-profit corporation law. The Partnership pursues the goal of assisting in the economic diversification of Louisiana by fostering the creation and growth of small emerging enterprises.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash Equivalents** - The Partnership considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

**Long-term Investments** - The Partnership records investments in emerging enterprises at cost and adjusts the carrying value for impairment that is deemed to be other than temporary. When an investment is determined to be impaired, the carrying value of the investment is adjusted through a charge to "Writedown of Investments." Management's judgment as to the impairment of individual investments involves the analysis of financial information and ratios; consideration of current and anticipated economic conditions and their potential effects on the emerging enterprises; and management's internal review of its investment portfolio. The Partnership capitalizes salaries and benefits directly related to services performed for the respective enterprises. In 1999, the Partnership discontinued the acceptance of equity interests for the services it performed.

**Fixed Assets** - Fixed assets purchased or capitalized under leases are depreciated on the straight-line method over estimated useful lives of three to ten years.

**Contributions** - The Partnership records contributions at their realizable value when such contributions are made.

**Income Taxes** - The Partnership, in general, is exempt from Federal income taxes pursuant to Section 501(c)(3) of the Internal Revenue Code.

## 2. FIXED ASSETS

Fixed assets consists of the following at June 30, 2000 and 1999:

	2000	1999
Furniture and equipment	\$ 64,300	\$ 65,478
Less accumulated depreciation	<u>(63,859)</u>	<u>(64,302)</u>
Fixed assets, net	<u>\$ 441</u>	<u>\$ 1,176</u>

## 3. RETIREMENT PLAN

Employees of the Partnership who have completed the required service period are eligible to participate in the Partnership's retirement plan. The contributions of the Partnership and its employees are applied to the purchase of retirement annuities on an individual basis. The Partnership's contributions to the plan were \$13,555 and \$14,318 during each of the years ended June 30, 2000 and 1999, respectively, and are included in salaries and benefits.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON INTERNAL  
CONTROL OVER FINANCIAL REPORTING BASED UPON THE AUDIT PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS.**

Louisiana Partnership for Technology and Innovation  
Baton Rouge, Louisiana

We have audited the financial statements of Louisiana Partnership for Technology and Innovation (the "Partnership"), as of and for the year ended June 30, 2000, and have issued our report thereon dated October 23, 2000. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Partnership's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Partnership's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Board of Directors, management, and the State of Louisiana Legislative Auditor and is not intended to be and should not be used by anyone other than these specified parties.
